1	12950	12" I Love You All-Over (2 needed)
1	12511	12" Pink Latex (4 needed)
1	12541	12" Red Latex (4 needed)
1	18307	260 Red Twistees (5 needed)
1	1159	3/16" Hot Red Curling Ribbon
1	1663	150g Red Bouquet Weight
	3576	Balloon Stick-em Tabs

## #12541 / #12511 Latex Base

Air inflate two red 12" latex balloons and tie together to form a duplet. Repeat to create a second duplet. Twist the two duplets together to create a four-balloon cluster.

Repeat the step above to create a second four-balloon cluster inflated to 7" using the pink latex.

Nest the clusters together and tie an uninflated 260 around the clusters to secure them together.

## #93137 / #83137 / #12950

Helium inflate the foil and printed latex balloons, add curling ribbon and attach them to the bouquet weight. Slip the weight through the latex clusters.

## #97559

Air inflate and place the foil bear sitter on top of the latex clusters. Secure to the latex using adhesive tabs.

## #18307 Heart Wand

Air inflate a 260 leaving 1" uninflated. Tie the ends together. Find the middle of the balloon and fold it into the middle of the circle. Squeeze the folded portion using your palms until the balloon retains a heart shape when released.

Inflate a second 260 leaving 5" uninflated. Fold over 2" from the tied end. Twist onto itself. Do this two more times to create three leaves. Slip the heart-shaped 260 into the leaves and twist to secure it.

Repeat steps to make a second heart wand. Slip the wands into the latex cluster and secure them with adhesive tabs.
