

Bright Butterfly

33" #96922

Helium inflate and attach to monofilament line.

22" #96730

Helium inflate. Attach two hang tabs to both sides of the top of the Bubble, making sure the holes line up. Tie an uninflated 260 to the neck. To attach all Bubbles together, pass uninflated 260s through tab holes and knot. Trim the excess latex.

5" #5403

Fully air inflate and create 4 four-balloon clusters.

12" #12503

Stuff a heavy weight inside uninflated 12". Attach to Bubble by tying the uninflated 260 on the neck of the bubble to the weight.
