

BIRD'S NEST COLLAR

Build Time 5 minutes

QTY	ITEM	DESCRIPTION
1	91183	25" Anglez® It's Your Day
1	18302	260 Classic Twistee Assortment (3 needed)
1	1123	3/16" Red Curling Ribbon
1	1598	Heavy Weight

Primary Balloon

Inflate the primary balloon, tie with curling ribbon and attach weight.

When using air to inflate the primary balloon, omit the heavy weight. Instead attach a hang tab to the top of the balloon and hang it with curling ribbon or monofilament.

260 Latex Bird's Nest

Fully air inflate a 260. Tie the ends together to make a ring. Squeeze the ring in half, making sure the knot is in the middle. Twist the balloon to form a figure 8. Create two more figure 8s and twist all three together to make a six-loop collar. Place the collar under the helium filled balloon and twist the balloons around the tail. Push up on the cluster to secure it as closely to the bottom of the balloon as possible.
