

# Store Made Gifts

## Candy Bar Vase

### Colors

Plan your candy bouquet first. Choose coordinating shred and floral ribbon.

### Filler

Place a handful of shred in the bottom of the vase. Cut an appropriate size piece of floral foam and place in the middle of the vase. Fill vase to the neck with shred, completely covering all sides of the floral foam.

### Candy Bars

Attach a self-adhesive floral pick to each candy bar. Arrange candy bars by inserting the picks into the floral foam.

### Floral Ribbon

Tie floral ribbon in a bow around the neck of the vase.

### Supplies from Balloons Everywhere
