| 1 | 721093 | Balloon Bond Adhesive |
| 1 | 1714 | Ultra Hi-Float"' (16 oz.) |
| 1 | 1796 | Heavy Smile Face Weight (1 needed) |

## \#96157 / \#86147 / \#81492

Helium inflate and add curling ribbon.

## \#720622

Add Ultra Hi-Float"', helium inflate and add curling ribbon.
\#5124 / \#720622
Collars: Air inflate two yellow latex balloons to $3^{\prime \prime}$ and tie them together to form a duplet. Repeat to create a second duplet. Twist the two duplets together to create a four-balloon cluster. Use these steps to create second cluster. Slip the clusters under the $11^{\prime \prime}$ latex balloons and wrap the curling ribbon around them to secure them in place.

Base: Repeat the steps to create one yellow cluster inflated to 5 " and one cluster of green agate inflated to 8 ". Nest the clusters together.
\#91144 Air inflate and tie into base clusters using an uninflated 160.

## Fancy Fish: \#11277 / \#5124 / \#18160 / \#5128

Lips: Air inflate yellow latex to $2^{\prime \prime}$ and tie off. Twist in half to create two equal parts. Body: Air inflate the polka dot latex to 6 ". Wrap the neck around the middle of the lips and tie a knot to attach them. Tail: Fully air inflate a 160, release a little air and tie off. Fold in half and twist middle into center of the lips. Tightly wrap both ends around the body, then twist together to form tail. Eyes: Air inflate white latex to $2^{\prime \prime}$ and twist in half to create to equal parts. Slip under the 160. Draw eyes with a permanent marker. Secure fish to base with Balloon Bond.
