Inflate the primary balloon, tie with curling ribbon and attach weight.

#5127 / #5408

Air-inflate two 5" balloons and tie them together to form a duplet. Repeat to create a second duplet. Twist the two duplets together to create a four-petal flower. Tie in a fifth balloon to create the last petal.

Create a final duplet using two yellow 5" balloons inflated to 2". Slide it through the middle of the petals and center on each side of the flower. This will hold the petals flat.

Wrap the curling ribbon around and through the flower to hold it in place.
