

HANGING COLUMN

Build Time 20 minutes

QTY	ITEM	DESCRIPTION
2	96507	16" Orbz® Toy Story Group
2	86197	Std. Toy Story
1	5101	5" Standard Latex Assortment (12 needed)
1	18302	260 Classic Twistee Assortment (3 needed)
1	1124	3/16" Yellow Curling Ribbon
1	3553	Adhesive Hang Tabs

Primary Balloons

Air inflate the four primary balloons. Attach an adhesive hang tab to the top of each balloon.

5" Latex Collars

Air inflate two 5" balloons and tie together to form a duplet. Repeat to create a second duplet. Twist the two duplets together to create a four-balloon cluster. Repeat these steps to create two additional clusters.

Building the Column

Tie an uninflated 260 to the neck of the top three primary balloons. Nest the latex cluster to the bottom of the primary balloon and twist cluster around the balloon neck to secure it in place.

Tie the other end of the latex 260 tightly to the adhesive hang tab on the top of the next balloon to ensure there are no gaps between the balloons.

Finish the column by taping down the neck of the bottom balloon. Suspend the column using curling ribbon.

*Fill With Air!
No Helium Required*
